Prove that the following triangles are congruent.

1.

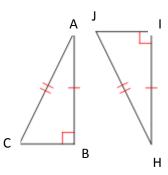

2.

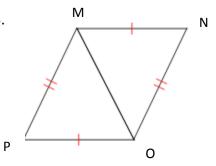

4.

5.

7. Given \overline{AB} bisects \overline{CD} , prove that

 $\angle C \cong \angle D$

Statement	Reason	
		А
		D

8. Given the following triangle, prove that

 $\overline{HI}\cong\overline{KI}$

—		Ň
Statement	Reason	_
		Н К
		L

9. Given the following triangle, prove that

 $\angle P \cong \angle I$

Statement	Reason	_QPP
		R H
		I

10. Given the following triangle, prove that

 $\overline{KJ}\cong \overline{HI}$
